CITIZENS

INTERNATIONAL

South Africa has an open door policy extended to you as a Chartered Accountant if your institute is affiliated with the GAA. You'll be treated as a colleague and not like a visitor from another country, whether you are from England, Wales, Scotland, America, New Zealand, Australia, Canada or Hong Kong. SAICA is the only African institute that is also affiliated with the GAA, so if you register with SAICA as a GAA member, you won't lose any of the privileges that you currently enjoy with your institute. Adapting to a different culture in a new country isn't easy. We'd like to make your transition into our culture as smooth as possible by getting you up-and-running as quickly as possible and giving you access to:

- Updated electronic newsletters and other member publications
- CPD events at member rates
- Affinity products at member rates
- Access to networking event opportunities
- Advisory service on tax, legal and ethical issues

So take the world off your shoulders and put it in the palm of your hands with SAICA and the GAA.
