

MASTER THE KEY PRINCIPLES OF THE CLARIFIED ISAs

ICAEW ISAs PROGRAMME

As a result of the IAASB's Clarity Project, many international standards on auditing (ISAs) have been updated and clarified. This has had a significant impact on the audit process for ISA-compliant statutory audits. Having a good understanding of the key principles of the clarified ISAs will give you the confidence to act decisively and respond effectively to clients' and other stakeholders' needs.

This online learning and assessment programme is your route to a better understanding of the clarified ISAs and the audit process.

The benefits

- Expand or update your knowledge of the key principles of the clarified ISAs.
- Use your greater familiarity with the clarified ISAs to engage with stakeholders inside and outside your organisation.
- Develop your professional and governance knowledge.

Who is this programme for?

Anyone who needs to understand the principles of the clarified ISAs including finance professionals, audit staff, university students and academics, and audit committee members. There are no entry requirements for the programme.

Areas covered

- The regulatory, ethical and professional issues for auditors when accepting and managing engagements.
- How auditors plan and decide on their approach for audit engagements.
- How auditors perform their audit procedures in accordance with the clarified ISAs.
- How auditors evaluate, conclude and report their findings in accordance with the clarified ISAs.
- The content of the programme is jurisdiction neutral which means that it is applicable to any ISA-compliant country.

Flexible study

The flexible online format of the programme will allow you to minimise time away from the office and to plan your study and assessment time around other commitments.

The programme – what you will receive

- Unlimited access to the online study programme and final assessment for 12 months.
- The 24 modules include illustrations, real life examples and practice tests to help you enhance your understanding and prepare for the assessment.
- A certificate on successful completion.

Please note that this programme is not sufficient on its own to enable audit practitioners to perform a fully ISA-compliant audit.
