Accounting for 'small' entities (FRS 105, 102 (1A)) - practical issues

TARGET AUDIENCE: BUSINESS/PRACTICE

DURATION: 3 HOURS

DATE: 10 JUNE

LOCATION: THE MOAT HOUSE HOTEL

Since the withdrawal of the FRSSE many organisations have had to report either under FRS 105 or FRS 102 (with the option of 1a).

This seminar looks at common issues that have arisen since adoption (for example directors and related party transactions) and looks at practical ways of dealing with them.

Do more in a day than you do in a week

TARGET AUDIENCE: BUSINESS/PRACTICE

DURATION: 3 HOURS

DATE: 12 NOVEMBER

LOCATION: THE MOAT HOUSE HOTEL

Being effective is a crucial aspect of our wellbeing. It gives us a sense of achievement, autonomy, certainty, purpose and control, and this, in turn, leaves us more fulfilled and motivated to do more.

This workshop is a chance for you to step back and review what you do (goals and priorities), how you do them (strategies), and your relationship to them. We will explore some of the latest thinking and practical productivity hacks, leaving you with the capacity to clear the mind, define what's important to you and get in flow.

Networking

TARGET AUDIENCE: BUSINESS/PRACTICE

DURATION: 3 HOURS

DATE: 8 OCTOBER

LOCATION: THE MOAT HOUSE HOTEL

'In some ways, one's address book is one of the most important things one has. It's about who you know, the gatekeepers to new work and it helps enormously if they know you as a person not just as a name. We all ought to think of ourselves as self-employed, even within the organisation' (Charles Handy).

This workshop will help you identify what networking really is and why it is important, along with providing you with practical tools to be able to network and to do it effectively and efficiently. As well as face-to-face networking, social media platforms such as LinkedIn will be examined to see how they can help you raise your profile.

Techniques to bring financial information to life

TARGET AUDIENCE: BUSINESS/PRACTICE

DURATION: 3 HOURS

DATE: 20 NOVEMBER

LOCATION: THE MOAT HOUSE HOTEL

Increasingly, finance departments are measured by their ability to deliver the key messages rather than demonstrate how they can routinely create large volumes of data.

Management Information (MI) is a key way of demonstrating how finance can make a difference and be a catalyst for change.

This seminar will show you effective ways to maximise your impact by simplifying MI, using MI to influence, and creating opportunities to maximise engagement. You will be introduced to techniques to prepare and deliver financial information in reports, meetings and presentations.

Translating technical know-how into effective business partnering

TARGET AUDIENCE: BUSINESS/PRACTICE

DURATION: 3 HOURS

DATE: 20 NOVEMBER

LOCATION: THE MOAT HOUSE HOTEL

In finance, we need to align ourselves to what the business has to achieve. There are growing expectations and demands on finance, at a time when we are under pressure, to show cost leadership and be more efficient. There's a common movement throughout the finance profession to move from a 'bean counting, information providing, transaction processing role' to a 'professional advisory and facilitating role' where finance staff are seen as joint problem solvers. This seminar explores what's needed to realise effective business partnering relationships.

Leading resilient teams

TARGET AUDIENCE: BUSINESS/PRACTICE

DURATION: 3 HOURS

DATE: 3 DECEMBER

LOCATION: THE MOAT HOUSE HOTEL

It's essential for the wellbeing of a manager or leader that they can effectively support the wellbeing of their team.

This workshop will enable you to recognise signs of stress in others and implement strategies to develop your team's resilience, improve their wellbeing and boost their performance. You will also examine each other's leadership skills and the impact these can have on your team. We will explore practical tools and techniques to help manage stress and build resilience.

The practice of today – opportunity and risk
