ICAEW is a chartered body and operates in the public interest under the terms of our Royal Charter.

We choose to measure our governance against the UK Corporate Governance Code, whose underlying principle is that our governance must support the delivery of our strategy. We are regulated by the FRC and other regulators, and we are statutory regulators for audit, insolvency, investment business and now the reserved legal service of probate.

We are a professional body with a member-elected council, of 93 volunteers as at 31 December 2017, that represents the diversity of the profession. Our executive team is led by our chief executive Michael Izza.

You can read more about how we apply the Code and our governance structure within the financial statements and at icaew.com/review
