

INTERNATIONAL PRIZEGIVING CEREMONY

CELEBRATING YOUR SUCCESS

26 MAY 2021

icaew.com/prizegiving

WELCOME

As President of ICAEW, it is my great pleasure to welcome you to our international prizegiving ceremony.

There are over 1.8m chartered accountants and students around the world. Over 187,800 of these are ICAEW Chartered Accountants and students. We train, develop and support each one of them so that they have the knowledge and values to help build strong economies, founded on principles of sustainability, accountability and fairness.

We aim to give our members an edge in a profession that is at the heart of business and the global economy. We do that as a chartered body acting with integrity, objectivity and with the public

interest foremost in our minds, which we believe is best for the long-term interests of the profession and for society generally.

We are committed to widening access through non-university routes, such as apprenticeships and the ICAEW CFAB qualification. And we are taking practical steps to improve diversity and social mobility in the profession. We are also working to support economic growth, for example, through providing free advice to small and growing businesses, including those wishing to export, through our Business Advice Service.

ICAEW's vision is chartered accountants enabling a world of sustainable economies.

To achieve this we work with others in partnership, but each of us has a personal role to play in delivering this vision and I invite our prizewinners to consider what you can do beyond your day-to-day work, for example, helping young people become financially literate, becoming a trustee for a charity, or getting involved with your local student group, district society or member group.

As an ICAEW Chartered Accountant, the world is your oyster, and I wish you all the very best with the rest of your studies and your future careers.

David Matthews
ICAEW PRESIDENT

KEYNOTE ADDRESS

Thank you to our keynote speaker, Jessica Rutland, for generously giving her time to speak at this year's international prizegiving ceremony.

Jessica is the Director of Financial Planning & Analysis at Entertainment One UK, looking after the Budget and commercial finance for the kids content brands such as Peppa Pig.

Jessica started her career at Smith & Williamson LLP where she trained in corporate tax until she received her ACA. During this time she seconded to audit, personal tax, group finance and forensic accounting.

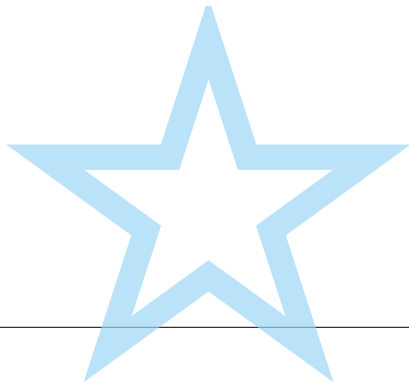

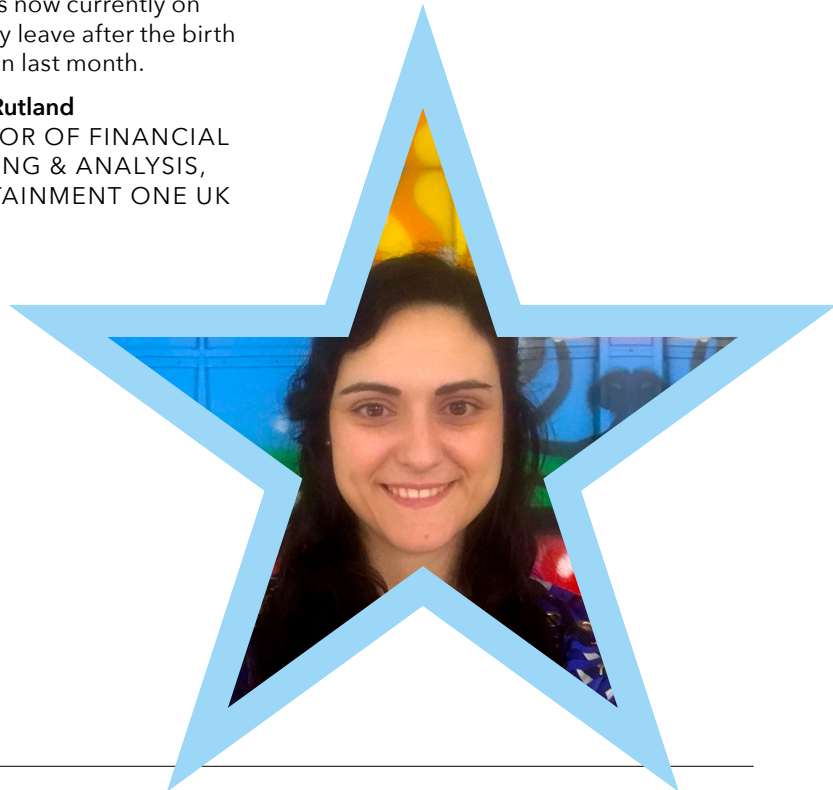

Once qualified she went on to Cancer Research UK to join their FP&A team where she redesigned the management accounts and Budget under a new chart of accounts.

Following the birth of her daughter she joined Entertainment One UK where she now focuses on business partnering and how to bring numbers to life.

When not in the office or with her family she is a committed member of the ICAEW Council and a diversity champion, where her passion is to make the profession accessible to everyone no matter their background.

Jessica is now currently on maternity leave after the birth of her son last month.

SPECIAL GUEST

Graeme Gordon, Master of the Worshipful Company of Chartered Accountants in England and Wales, joins us today to announce the Livery Company prize.

This prize, awarded in collaboration with the Chartered Accountants' Livery Charity, recognises the achievements of Level 4 Accounting Technician Apprenticeship students who have obtained the top three places within the Annual Order of Merit.

Graeme, a former officer in the Royal Navy, became a chartered accountant in 1990 and was twice the President of Thames Valley Chartered Accountants.

In 2010, he was appointed CEO and Executive Director of Praxity, the world's largest alliance of independent accounting and consulting firms. He became Master of the Worshipful Company of Chartered Accountants in England and Wales in October 2020.

The Chartered Accountants' Livery Charity is part of the Worshipful Company of Chartered Accountants in England and Wales who help elect the Lord Mayor, Sheriffs and other City of London officers each year, advise the Civic authorities on business-related matters, and work with other Livery companies in the City of London to ensure as much joined-up governance as possible.

They also work with ICAEW to help foster high standards in the profession, working with us on a number of initiatives, to support our members in their business lives, provide a social space, and raise money for a wide range of good causes.

Chartered accountants are talented, ethical and committed professionals. There are more than 1.8m chartered accountants and students in the world, and more than 187,800 of them are members and students of ICAEW. All of the top 100 global brands employ chartered accountants.*

Founded in 1880, ICAEW has a long history of serving the public interest and we continue to work with governments, regulators and business leaders globally. And, as a world-leading improvement regulator, we supervise and monitor over 12,000 firms, holding them, and all ICAEW members and students, to the highest standards of professional competency and conduct.

We promote inclusivity, diversity and fairness and we give talented professionals the skills and values they need to build resilient businesses, economies and societies, while ensuring our planet's resources are managed sustainably.

ICAEW is the first major professional body to be carbon neutral, demonstrating our commitment to tackle climate change and supporting UN Sustainable Development Goal 13.

We are proud to be a founding member of Chartered Accountants Worldwide, a network of 750,000 members across 190 countries which promotes the expertise and skills of chartered accountants around the world.

We believe that chartered accountancy can be a force for positive change. By sharing our insight, expertise and understanding we can help to create sustainable economies and a better future for all.
