Student Report

Name: Ho Wing

Programme: Professional Accountancy

Year of Study: Year 3

I am writing to express my heartfelt gratitude for the scholarship you generously provided. Your support has made a significant impact on my academic journey and my life.

Thanks to your generosity, I have been able to focus on my studies without the added stress of financial burdens. I am proud to share that I achieved a term GPA of 3.94 out of 4.00 in 2024/25 first term. Your scholarship has motivated me to strive for excellence in all my endeavors.

In addition to my academic achievements, I have joined a volunteer program where I serve as a mentor for secondary school students. This experience has been incredibly rewarding, and I am committed to giving back to society to honor your generosity.

I am also actively searching for an internship to gain practical experience in my field of study. I promise to continue working hard in both my life and studies to embody the same spirit of kindness and support that you have shown me.

Thank you once again for your incredible support. I aspire to make a difference in the world, just as you have done for me.
