

## *Richard Nunn BSc BFP FCA*

**Business Appointment:** Partner, Deloitte

**Personal introduction:**

I qualified as an ACA in the UK in 1992 and transferred to Canada in 1994. I am currently a partner at Deloitte, I live in Oakville, Ontario.

During my career I have held multiple management and client roles and am currently responsible for some of the largest, global clients of the firm. I have also been involved in the director community, having served as a director of the University of Toronto from 2001-2013 (including serving as Chair from 2011-2013), I am also currently Chair of Halton Health Care and Chair of the Board of UTAM, which manages University of Toronto assets.

I am married with three daughters. You can find me on Linked In.

**Your involvement with ICAEW:**

I have been active in ICAEW for many years, originally as a contact member for Ontario and then I was co-opted as Council member between 2013-2019. I served on Committee of Council from 2017-2019.

I am currently serving as a member of Members and Commercial Board of the ICAEW.

Given this involvement I have a good understanding of the issues the ICAEW is facing bringing an international perspective to the deliberations of the ICAEW and ensuring the perspective of International members is highlighted in development of activities and services of the ICAEW.

**Motivation and ability to be a member of Council:**

I have served as a Co-opted member and therefore have a good understanding of the commitment involved and the role. I have a global perspective given my current responsibilities at Deloitte and feel this is valuable to the deliberations on Council, I was active as my time as a Council member attending and hosting events in Toronto, Calgary and Vancouver as so remain committed to meeting members in Canada and addressing their ideas and concerns.

**Strategic focus:**

I am an experienced Director, given I presently serve as Chair of the Board of two organizations (Halton Health Care and University of Toronto Asset Management Corporation) and previously as Chair of the University of Toronto. In addition to my prior service as a council member and my current role on the Members and Commercial Board gives me a unique perspective on how to address the strategic issues facing the Institute and how to serve in the role as a council member which is a governance role. I feel I have the right balance of experience and skills to be effective.

**Communication with members in your constituency:**

Engaging with members is an important part of the role but given the geography of Canada this is a challenge. During my time as a Council member I have hosted events in Toronto, Calgary and Vancouver where most of the members reside. Given my professional responsibilities I travel frequently to those cities as well as Montreal and so that will lead to opportunities to engage. Given we have all been forced into a virtual world during COVID-19, I will also plan to use virtual sessions as an option for members in Canada to engage.

In addition, I plan to work with the ICAEW staff as they develop the customization of the website to have a customized landing page for Canada to ensure that I can post regular updates on the landing page to allow for two way dialogue on matters of interest to members in Canada.
