

2021 Learning material costs

Costs for the 2021 learning materials will look a bit different from previous years. As part of the move to digital learning materials, we are able to offer our materials in bundles which include the relevant permitted texts. The below tables show the costs per modules and what will be included in your purchase.

*The IFRS Blue Book is the permitted text for FAR IFRS, and recommended text for the Advanced Level exams. This can only be purchased from the IFRS Foundation.
