

Accountancy Profession Strategic forum 2017

In cooperation with ICPAC

Nicosia, Cyprus, 4 May 2017

‘Professional Accountancy Organisations should proactively seek to shape change, confident that with the right strategies they will have successful long-term futures.’

Accountancy Profession Strategic Forum 2017

Hilton Cyprus, Nicosia, Thursday, 4 May 2017

The Accountancy Profession Strategic Forum (APSF) encourages proactive strategic planning and innovation among professional accountancy organisations (PAOs) so that they continue to be relevant and contribute to market needs and the public interest.

ICAEW is pleased to organise APSF 2017 in cooperation with the Institute of Certified Public Accountants of Cyprus (ICPAC). We are honoured that the APSF dinner this year will be held under the auspices of the President of the Republic and hosted at the Presidential Palace.

Building on previous years' annual meetings, 2016 saw the new and innovative Quality Assurance Network initiatives established, with APSF participants pooling resources to develop practical international cooperation in the important areas of quality assurance for non-PIE audits and for accountancy services providers.

For further information, please see icaew.com/strategicforum.

The APSF helps participating PAOs identify common challenges, share experience and strategic thinking, and identify potential forms of cooperation, such as Working Group and network initiatives. It is based on a partnership approach and holds an annual meeting organised by ICAEW with host PAOs.

The APSF pursues an open and constructive discussion and the format is designed specifically to encourage active engagement by all participants. An annual activity review is published and circulated to attendees and other parties.

Confirm your participation

Register before **31 January 2017** by using the booking form below. Please email to strategicforum@icaew.com
