

Strategic Business Management errata sheet 2022

WORKBOOK

Errata and clarifications

Ch20:1 Spreadsheet formulae in Strategic Business Management- Section 1.1.2

The list of spreadsheet functions examinable in SBM should also include:
- CONFIDENCE INTERVALS
(the detail is already included in the chapter)

Ch20: 2. Further examples of using spreadsheets in Strategic Business Management – 2.1
Question Sensortex

Price in year to 31/12/20X5 should be £1591.35 (not £1591)
Commodity row 41 should be highlighted in blue as this information is omitted from question
Price inflation factor in cell E38 should be 1.03 (not 1.0)
Tax formula in row 47 should have a negative sign to show this is deducted from cashflow.
