

Mergers, acquisitions and other business changes

Where a regulated firm acquires, merges or combines with another practice, ICAEW must be told as soon as possible (and preferably in advance of the transaction) for us to assess whether the business combination affects each firms' ongoing eligibility.

Typical scenarios we need to be notified about include where:

- an existing regulated firm acquires the assets, trade and goodwill of all or part of another firm;
- a new entity acquires the assets, trade and goodwill of all or part of a regulated firm; or
- two (or more) existing practices merge to form a new entity that needs to be regulated by ICAEW.

This is not an exhaustive list of all possible business combinations we need to be notified about. If you are unsure whether to complete this form, please call +44 (0)1908 546 302 for guidance.

Your firm may also need to submit regulatory application forms as a result of the business combination. Please see our guidance on [Which form do I need and when?](#)

HOW TO COMPLETE THIS FORM

The compliance principals of each firm must counter-sign this form to confirm the accuracy of the information provided to ICAEW and to authorise us to process the changes to each firm's records on our database.

Where a firm is regulated in a number of areas, we accept the sole signature of the audit compliance principal (ACP) provided the firm is audit-registered and the ACP has authority to sign on behalf of the firm. If this is not the case, the individual compliance principals for each regulated area of the firm(s) will need to separately counter-sign the form.

This form has been designed to apply to the most typical business combinations undertaken by our firms. However, we appreciate the terminology in this form may not fit the precise circumstances of your combination. Please complete the form as completely and accurately as possible and provide supplementary information where the nature of your combination does not easily fit within the questions asked on this form.

If you have any questions as you complete the form, please call +44 (0)1908 546 302.
