Nigel Davies, Joint Chair, Charities SORP  
Committee

January 2021

## Overview:

- What the charities SORP is and what it aims to do
- Which charities follow the SORP and why
- Why the SORP changes- law, standards, context
- The new approach to developing the next SORP
- The current timeline to developing the next SORP
- SORP resources to assist practitioners

## What the charities SORP is :

- Guidance on preparing 'true and fair' charity accounts in accordance with GAAP

## What the SORP aims to do:

- Stewardship reporting designed for the charity sector- telling the story
- The SORP is an application of FRS 102 and so is overseen by, and approved by, the FRC
- Provides guidance on how to apply for-profit reporting standards, supplemented by 'PBE' paragraphs
- Specifies required charity specific items such as the Statement of Financial Activities, fund accounting and certain notes
- Sets out required content for the trustees' annual report

## Sector overview- number by income band (Sept 2020):

## Which charities follow the SORP and why:

- All charities choosing or required to prepare ‘true and fair’ accounts under UK-Irish GAAP must follow the charities SORP unless or a more specific SORP applies
- SORP gains its authority from two sources
  - FRS 100 Application of Financial Reporting Requirements
  - Law- company law and/ or charity law
- Charity law is a devolved matter so SORP most cover three UK charity law jurisdictions. Largely voluntary in the Republic of Ireland
- Why follow it?
  - Requirement to prepare ‘true and fair’ accounts
  - If specified in regulations
  - Good practice

## Why the SORP changes:

- Changes to UK-Irish GAAP
- Changes to law (unless SORP simply signposts)
- To keep abreast of change in the wider sector reporting environment
- SORP Governance review (reported June 2019)

# ***SORP governance review recommendations***

## Reporting needs

- The reporting needs of (i) the proxy user for the public and beneficiary interest and (ii) smaller charities require a refocusing of the SORP and greater simplification of reporting requirements for smaller charities with more support for trustees

## SORP Committee

- The SORP Committee be retained but reforms are needed regarding size, composition and clarification of the respective roles of the SORP-making body and SORP Committee.

## Engagement

- Broader and ongoing engagement is needed with a much wider group of stakeholders if the SORP is to continue to be fit for purpose.

## Non-statutory reporting

- The sector and charity regulators should collaborate to identify and codify best practice in non-statutory financial reporting.

## Ensure action

- The SORP-making body, supported by the Financial Reporting Council (FRC) needs to ensure that the redesigned SORP development process takes effect.

## Adequate resources

- The charity regulators are asked to ensure that SORP process is adequately resourced to implement these recommendations.

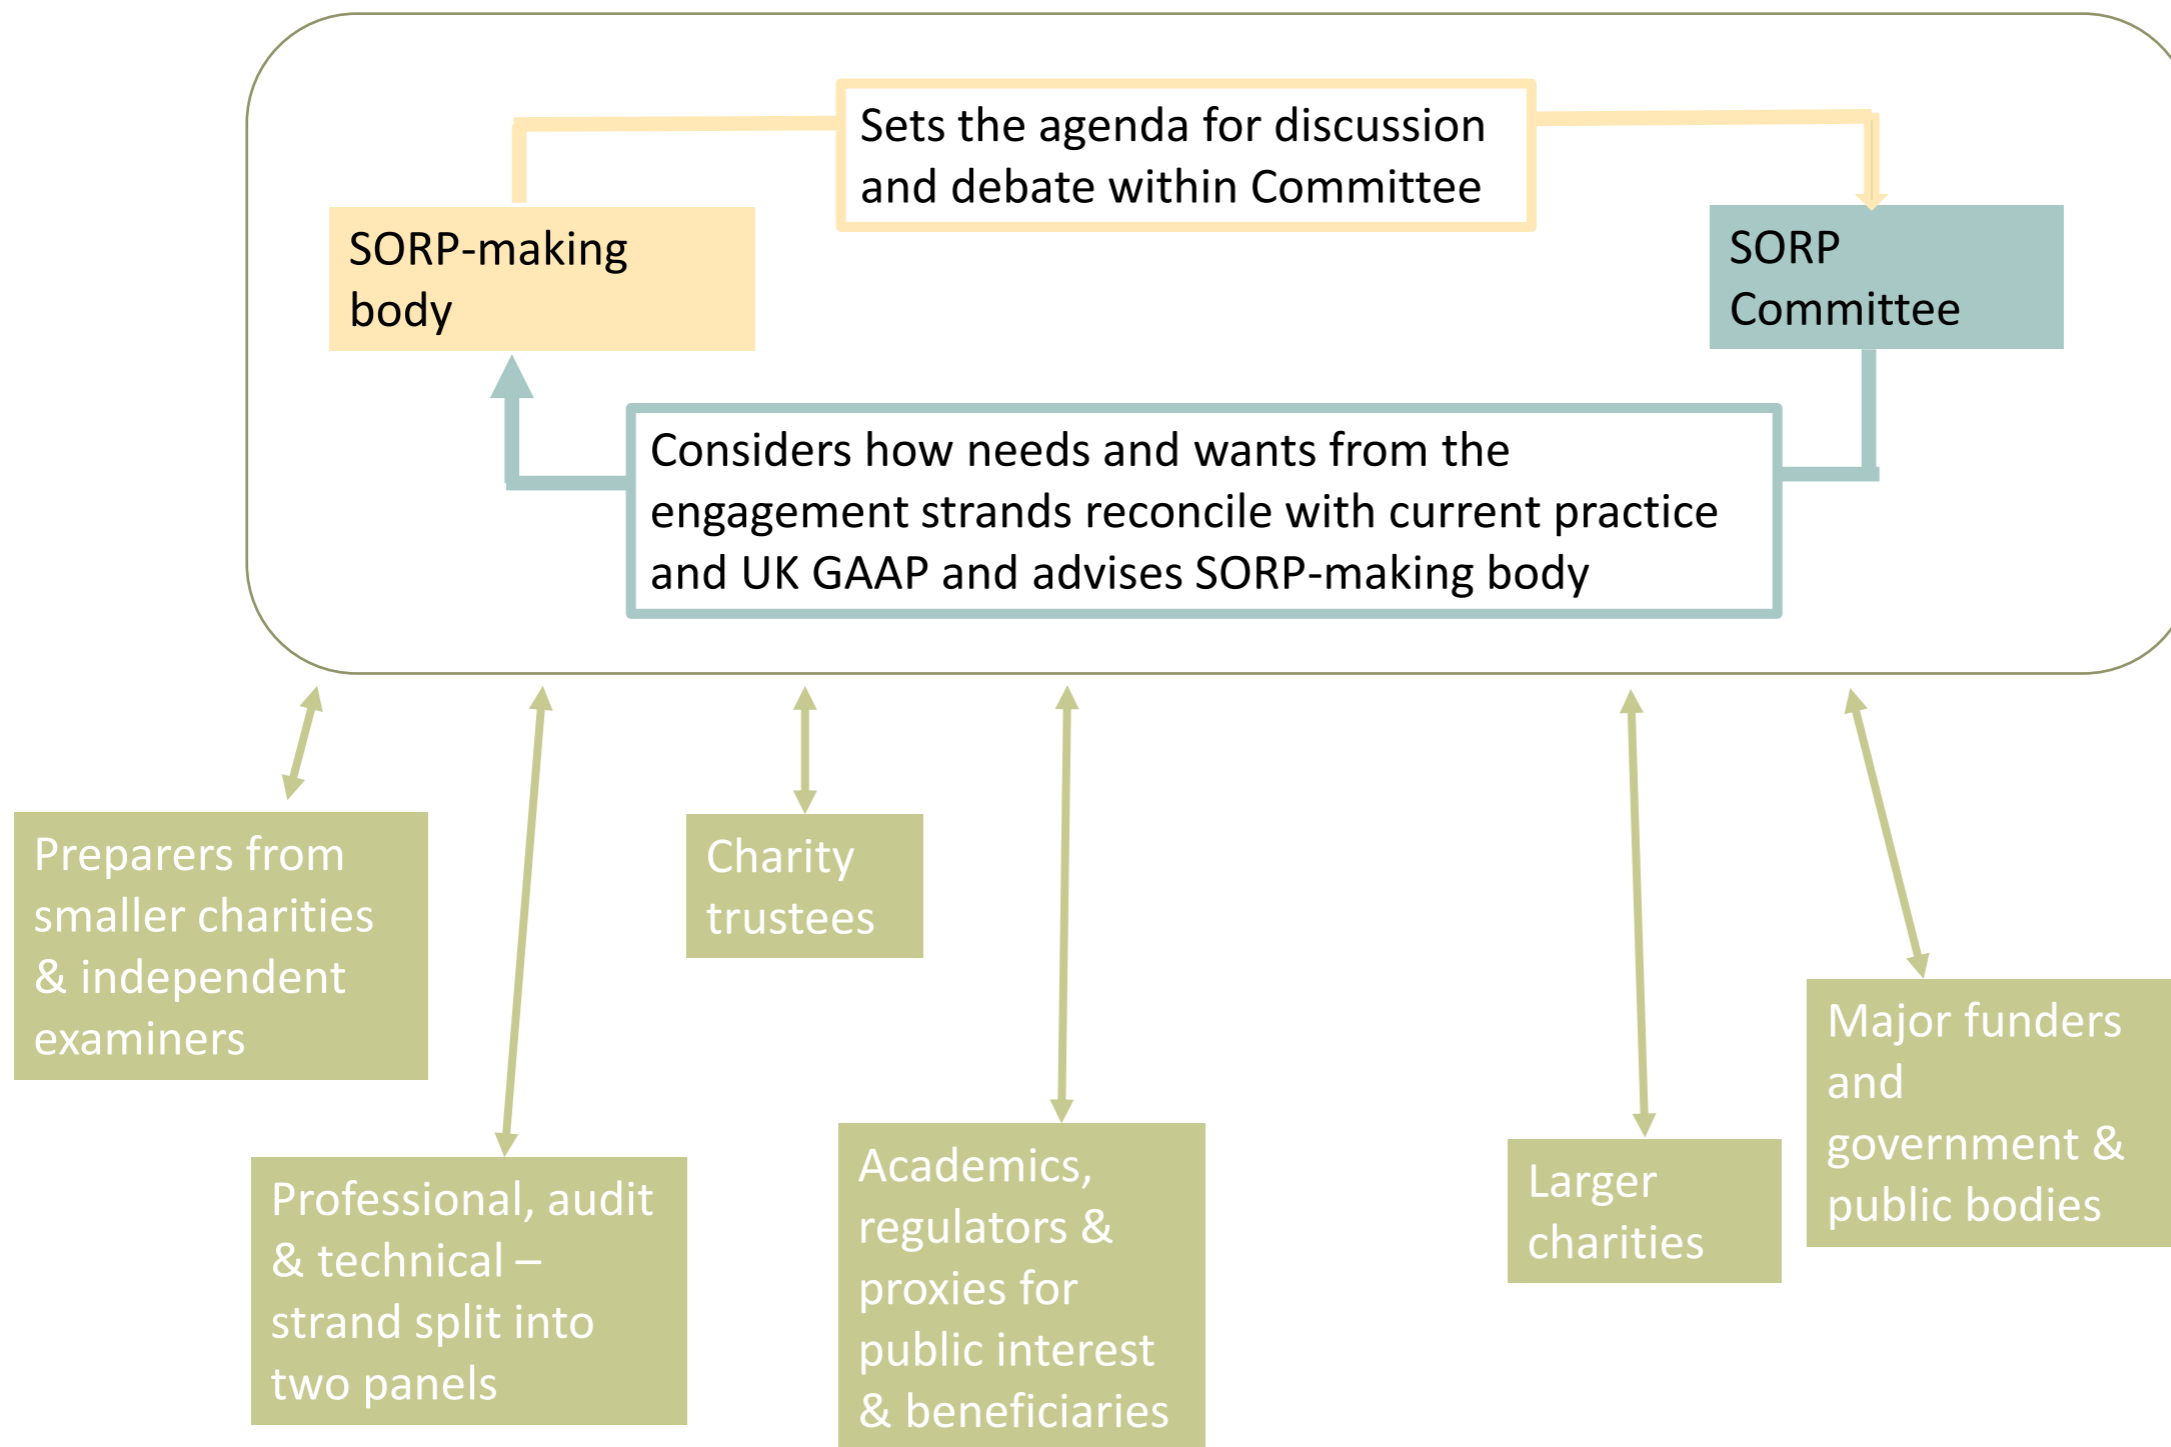

## Looking to the future- the approach to developing the next SORP:

- Implementing the recommendations in a phased
  - Began with recruiting a new SORP Committee (first met March 2020)
  - New engagement process launched (July 2020)
- New engagement process to broaden the dialogue and feed ideas into advisory SORP Committee
- SORP Committee deliberates and advises on changes to the SORP
- New SORP drafted and put out to consultation
- Post consultation review – changes made and FRC approval sought

## Timeline to the next SORP:

- Timeline is tentative and contingent on FRC plans for GAAP with effect reporting years beginning on or after 1 January 2024
