

Priorities

ENERGY & NATURAL RESOURCES GROUP

The Group aims to provide industry forums, resources and insight reports that address the broad range of challenges facing finance professionals working in the energy and natural resources sector.

We encompasses Electricity, Gas, Oil, Mining, Waste, Water, Transmission, Distribution and Network sectors.

We help members to stay up-to-date with developments in the energy and natural resource sectors, with specific coverage tailored to accounting and finance professionals.

We support the ICAEW's overarching strategy and objectives, and work closely with other ICAEW groups, supporting their initiatives, events and content.

The Group is open to ICAEW members and non-members with an interest in the sector and is free of charge.

WE SUPPORT FINANCE PROFESSIONALS IN THE ENERGY AND NATURAL RESOURCES SECTORS BY:

- **Free access to online resources** icaew.com/energy including: sector trends, research, news, standards and regulation, as well as access to expert advice from our technical enquiry service.
- **Specialist events, webinars, and Roundtable forums** producing topical analysis, sharing sector insights and providing opportunities to enhance networks whilst keeping up to date with sector intelligence.
- **Building a network** who are keen to improve the public policy debate, providing advocacy to government, regulatory bodies and standard setters.
- **Enhancing career, personal and professional development** through participating in a community of finance professionals in the energy and natural resources sectors, with access to our dedicated resources, events and LinkedIn group
- **Public policy interaction**, with access to government, regulatory bodies and standard setters.
