the heart of financial reporting

Key benefits of membership

The Financial Reporting Faculty guides you through the maze of new and emerging reporting requirements, ensuring you are always one step ahead by providing high-quality and timely resources.

With significant changes as a result of several new IFRSs and continuing developments in UK GAAP, keeping up-to-date with the latest financial reporting changes is vital. We provide highly accessible and practical assistance on a broad range of corporate reporting issues to keep you abreast of the changes, with plenty of tips on first-time implementation.

‘Faculty membership provides you with exclusive resources, offering timely support in a variety of forms and covering a wide brief from micro-entities to IFRS.’

STEPHANIE HENSHAW, FCA
PARTNER, PKF FRANCIS CLARK AND CHAIR OF THE
FINANCIAL REPORTING FACULTY BOARD

FACTSHEETS

The faculty’s topical and high-quality online factsheets are designed to help faculty members identify how changes to the rules and regulations affect their financial statements. Factsheets are developed with help from leading experts in the field. They:

- cover IFRS, UK GAAP and other financial and non-financial reporting issues;
- provide an introduction to changes coming into force in a particular period, or a more in-depth analysis of a specific accounting issue;
- are written using clear and accessible language, avoiding jargon wherever possible;
- provide helpful tips on how to manage reporting requirements applicable to you; and
- are published and updated regularly as new or revised standards are issued or other financial reporting issues emerge.
