

ICAEW REGIONAL THOUGHT LEADERSHIP ROADSHOW SERIES IN SOUTH EAST ASIA – *GLOBAL SUSTAINABLE GROWTH DEVELOPMENT*

Richard Spencer, Head of Sustainability from the ICAEW Faculty was in the region to conduct technical sessions in six cities. He presented, shared and facilitated various sessions in the areas of accounting for nature / the natural capital coalition, global sustainable growth, sustainability and the role of accountants; and also the local, national and region challenges. An opportunity for our stakeholders to learn and discuss an issue that has impact on the environment and businesses, and also the future of the profession.

SINGAPORE **25 – 26 July**

The ICAEW Thought Leadership Roadshow started in Singapore on 25 July. During the interactive and thought-provoking breakfast briefing with ICAEW members and guests, Richard discussed '*Supporting the Sustainable Development Goals - Global Goals, Shared Ambitions*' .

Later the day, ICAEW hosted an Executive Lunch Roundtable Discussion with senior executives from various industries including the Ministry of Finance, FMCG, banking & finance, manufacturing on the *Global Goals for Sustainable Development (SDG)*. Guest speakers Edwin Khew, Chairman, Sustainable Energy Association of Singapore, and Lorena Paglia, Director, EY, also shared their experiences and different perspectives on sustainability.

Mr Khew spoke about '*Ensuring access to affordable, reliable, sustainable and modern energy for all*', while Ms Paglia spoke about '*ASEAN business indications in response to sustainable approaches and the Global Goals, and the opportunity to create strategy value*'.
